VISION

New Forest School provides a safe and secure environment which allows our students to develop the self-confidence and resilience to re-engage in learning.

These learning experiences aim to prepare our students to face the world beyond our school, equipping them with the knowledge and tools to be successful in the next steps on their educational and personal journey, allowing them to make a positive contribution to society.

NEW FOREST SCHOOL

AIMS

1. Support, promote and re-engage students in learning so that they may achieve their full academic and personal potential
2. Welcome each student into a stable, caring, safe community which celebrates individual talents, praises achievement and effort and provides for individual needs
3. Teach respect for the beliefs and opinions of others
4. Promote positive behaviour amongst the students and to help them make a positive contribution to society
5. Guide the students towards social and economic independence
6. Provide a consistent and secure base for the students and to help protect them from harm
7. Support and promote the health of the students

NEW FOREST SCHOOL

WHOLE SCHOOL CURRICULUM INTENT

Our curriculum is designed to meet our principal aim, which is to enable every student to reengage and achieve in their learning.

Our intention is:

- To have a broad, balanced, and holistic curriculum which provides a range of academic and vocational pathways (with recognised qualifications) to further education, training and employment whilst also providing therapeutic and pastoral support to enable them to develop as an individual.
- To have a curriculum which provides academic challenge based on the student's prior educational experience and starting point on entry to our school.
- To have a curriculum which engages our students, makes learning enjoyable and is flexible enough to respond to the need for change and provide individualised programmes where required.
- To help students acquire knowledge, skills, and practical abilities, including those of problem solving, teamwork and decision making whilst developing resilience to overcome hurdles, cope with setbacks and the self-confidence to try new things and learn from their mistakes.
- To help students understand the world in which they live.
- To foster the skills and understanding needed for the students to take their place successfully in modern British society.
- To understand and respect social, moral, spiritual, and cultural themes.
